I am interested in finding out about a woman I am conversing with over the internet.

She lives in General Santos city. Her name is Andrea Gomez Santos. Her birthday is Dec 15th. She will be 29. She says she is a nursing student at the Philippine hardentina college. I have her address and email. How much do you charge to find out if she is who she says she is and if she is attending this school. Does this school even exist?

Thanks, S.G
